

## AXARA BioScience — Engine Validation Certificate

KRAS G12C Covalent Tractability Map v1.0

Known site: C12 | Engine rank: #1 | PASS | Engine v5.0 | April 2026

| Validation Check            | Method                         | Result                            | Pass? |
|-----------------------------|--------------------------------|-----------------------------------|-------|
| Known covalent site ranking | Engine ranks C12               | Overall rank #1                   | ✓     |
| RCSB structure quality      | wwPDB validation 6OIM          | 1.65A · Clash:1.46 · Rama:0.0%    | ✗     |
| UniProt annotation          | Swiss-Prot manual curation     | 0 active sites · 22 binding sites | ✓     |
| ChEMBL bioactivity          | CHEMBL2095731                  | 0 compounds · min IC50 NonenM     | ✓     |
| PDB covalent evidence       | RCSB search API                | 487 covalent structures deposited | ✓     |
| Scoring mode                | fpocket druggability threshold | Mode: POCKET   Max drug: 1.65     | ✓     |
